

Conference Facilities available at The Millennium Forum

The Millennium Forum leads the way in Conferencing flexibility, offering meeting space from 2 delegates to 1040 delegates.

A variety of spaces are available within this state-of-the-art building. Its 21 function rooms can accommodate a huge array of events, large or small, and they have the facilities to cater for conferences, seminars, fairs, exhibitions, banquets, lectures, business meetings, press launches and executive interviews.

The Auditorium is the venue's largest area and with its moveable ceiling, is a flexible space which can be used in a variety of sizes from a 367 seater, ideal for a press launch or seminar, to a larger conference-type event for up to 1040 delegates. With its adaptable seating, the auditorium can be used for exhibitions as well as theatre-style gatherings, not to mention the stage area, which can be sectioned off to provide two excellent spaces in one.

A team of dedicated and professional staff are on hand to help and advise when planning and organising your event. From video-conferencing to PowerPoint presentations, the Forum's conference and technical staff have the knowledge you require. The Wireless Broadband allows quick and easy access to the Internet – totally free of charge.

The Millennium Forum has a developed reputation in recent years as one of the most professional Conference Venues in the North West.
